

WNRN Diversity Statement:

It is the goal of WNRN that listeners find their own reflections in WNRN's staff and governance as well as a rich mix of music programming and station supported projects and events.

Efforts towards achieving this goal:

- Include diverse individuals in volunteer programs and internships.
- Include qualified diverse candidates in any slate for governing board and advisory council.
- Include qualified diverse candidates for employment for any posted job opportunities.
- Implement diversity training for board of directors and staff.

Diversity Goals to be reviewed annually at the close of the fiscal year. Progress report to be posted on the WNRN website.
